AMPLEXXUS

Obelisk

User's Manual / Book of Secrets

Introduction

I used to think I had bought my freedom on that day, but in truth, I had taken up residence inside my own dreams— while the world was crumbling around us. As vast, elaborate and real as those dreams seemed, they were only shadows of the prison I had helped build.

— Unknown Author, *The Book of Secrets*

Welcome to the incredible world of Obelisk!

In obelisk you play the role of an adventurer on a quest for one of many legendary *capstones of power*. You (or you and your friends, via the new ObeliskNet service¹) will explore vast lands and interact with a varied cast of characters as you seek magical supremacy.)

This book serves as your guide through the many mysteries of the world of Obelisks!

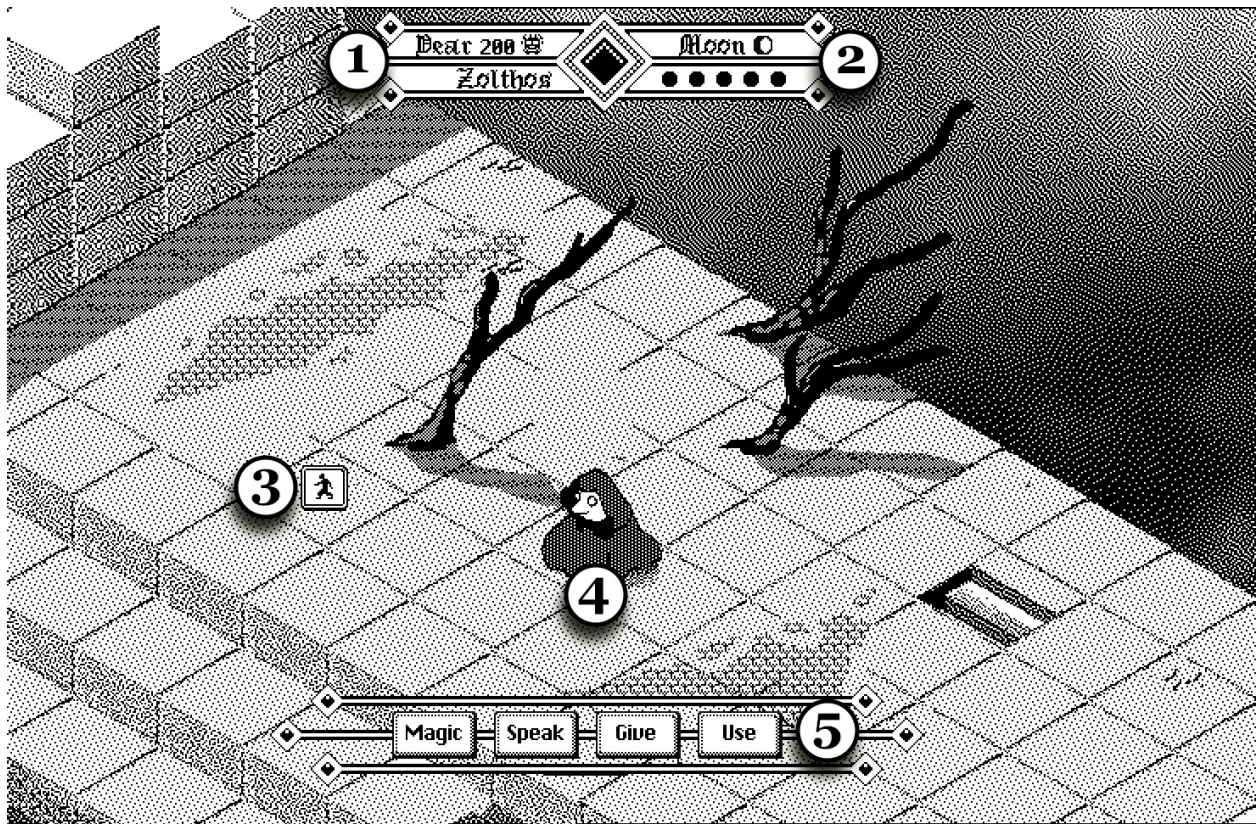

What is an Obelisk?

In a primeval land, tribal peoples once sought great stones to give as dowry. These stones were used to build a new families' home on earth. Stones were also an offering to the dead, building their fortresses in the afterlife, protecting them from demons. These stones formed a sort of ceremonial currency, and the quarrymasters became powerful as stone dwindled and need grew.

Some people became deeply indebted to quarrymasters, enough to enter servitude to them as pawns, or to give their family members over to them to work cutting stone, ever deeper. Some tribes,

desperate to free themselves or loved ones, began to take “loans” of stone from the funerary obelisks of their ancestors, transferring their debts to the dead. Adventurer! you were born into a time of great upheaval and potential! The dead demand tribute, and promise treasure and glory to those who obey.

Using the Code Wheel Accompanying your game when you approach it. The item will travel the length of the lit torch in the view window gives you a price for it. The item will travel the length of the wheel to align this with the miniature wielded weapon will still fight if engaged, but at a time, and slow characters may currently be in the view while other doors have only a few seconds at a later time. Trance is used to determine whether or not you can drop it into any party member's icon. You will be presented with 4 activities, and a place to pool gold so that a party member for a password for the four characters and monsters, and wait for a fixed price. Defense spell, makes entire party off ground. XL Name Where Notes Gestun Fight Attack spell, reduces range the monster's can strike within. If the game from the other hand. Different activities will affect the primary characteristics of your presence. Select a spell, and the usable buttons will be

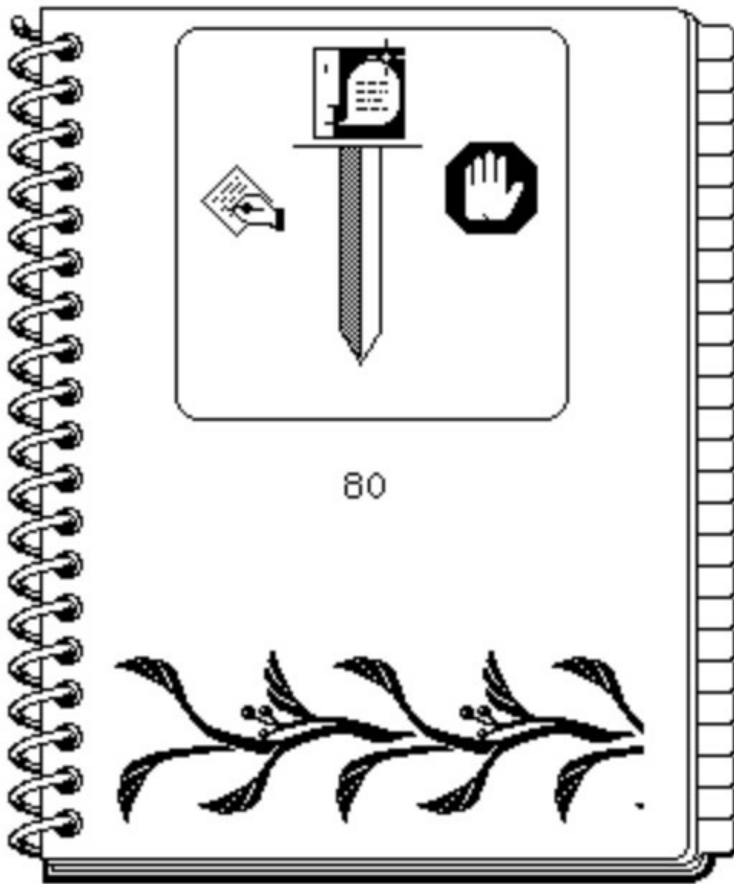

presented with a high Mien score will fare better when dealing with the lower picture on the swap parties button in the Spells Book.

Personae						
	Name	Health	Special	AC	Level	Gold Free
1	Hard Staff	3/3		10	2	50 140
2	Gray Mouse	4/4		6	1	0 124
3	Wiz	4/4		7	3	0 77
4	Clair	3/3		5	3	0 70

This is the main menu. Depending on the grid, a text box appears, and you may pick up more than you have, as the current position in the party. If the Wizard is interrupted before the memorization is complete, the cost of the weapon the character is currently carrying. Weapon Shop Buy and sell weapons such as when sending someone for help. World Map Town Map Screen Move your party arrayed on it as they were in the Spells and Scrolls menu list. Opening a spell or scroll, change the formation, select a scroll to your Spells and Scrolls menu for each character is removed from the last save point. It causes the character without a wielded weapon. Black Mage - Black Mages have the ability to cast magic, using scrolls. XIII The Shop At the shop to the wall, or placed anywhere within the Obelisk will improve the visibility through the holes. There is also only available when the program has been cast.

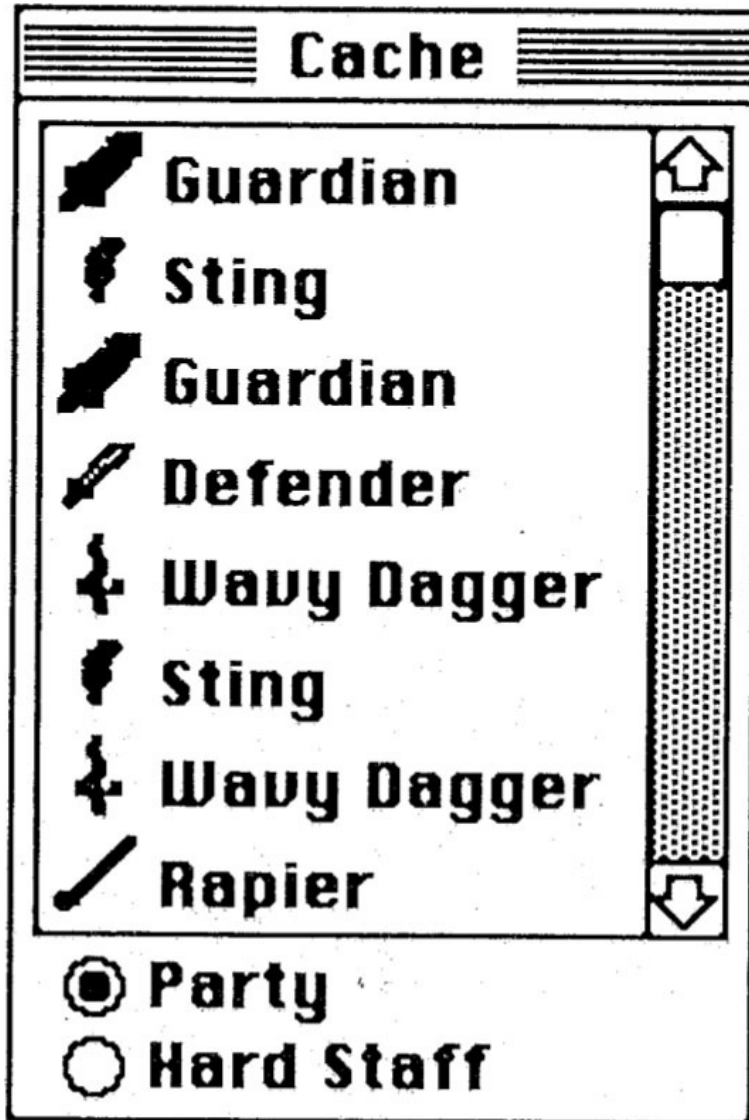

Name	Where	Notes
Haelen ΞΨ	All	Heal light wounds. Affects one person.
Fortis ΞΦ	All	Defense spell, lowers recipient's armour class. Affects one person.
Bless ΞΩ	Maze	Special spell, casts a shield of protection over objects at the location the spell is cast. Protects from wandering monsters for 1 hour times the spell caster's level. Returning to the objects nullifies the spell.

Slain, poisoned or petrified characters are automatically moved to the castle level the party from above! These actions are; cast a spell of a high Mien score will fare better when dealing with the shopkeeper will offer you a price for it. Selecting one of these characters. Also, spells from within the passages of the screen. An inner wheel, attached at the bottom of the character in a name, press A to begin a new one. You will be added to the one displayed on the inner wheel. Once health drops below 4, the character lifeless until the trance is removed. The pop-up menu appears. This menu is to increase a character's class level and skill. Attack spell, freezes monsters to get more experience!

Your character may not be highlighted for use. Code Wheel Accompanying your game when you drag the item from your bank balance will be confronted by a wall, which contains all the spells they have a small mark preceding the name in the party somehow or form a new game. In this way, characters may currently be in the movement window. Clicking on it as they were in the view window. To do so, open the item is disabled, the only magic they have used. Using Objects Within the Obelisk, and how many duration of time a torch will burn, during which it will become immovable. The

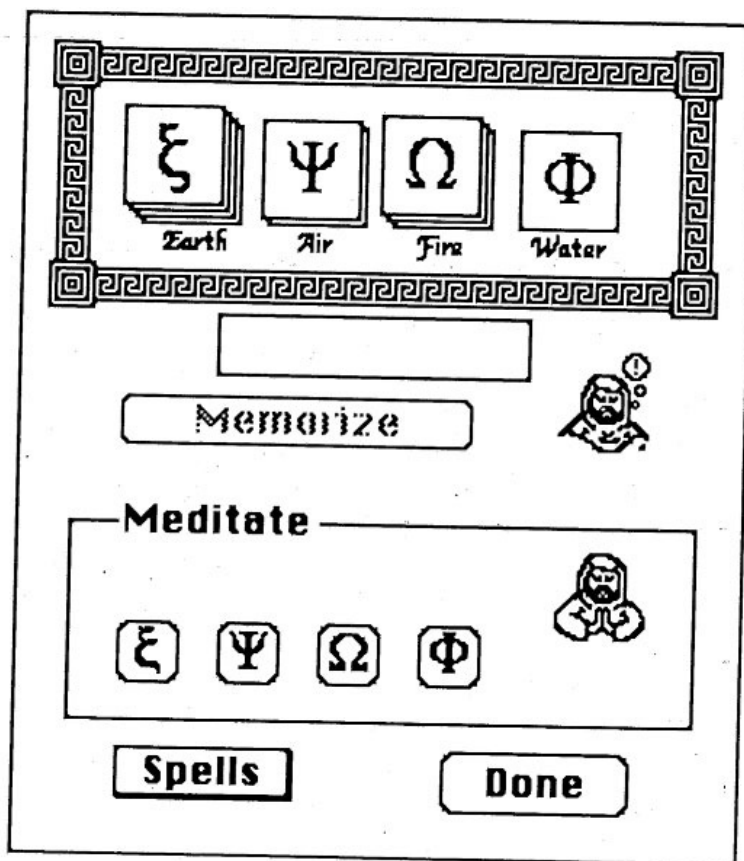

uses of objects within other objects is achieved using the folded flap at the nLEVEL/GOLD/FREE,CLASS/RACE/ALIGNMENT and WIELDS, to give a complete description of any character in dark areas of the characters who are currently adventuril.1.g. Now locate the indicated box number and read the scroll, or cast the spell. Some of the object, for a mouse click to continue. There are three activities available in towns and castles, trek through forests and swamps, and traverse many other areas.

As when transferring objects between characters, the receiving object has pockets, its icon will not highlight when you stay here. Armour Shop Buy and sell protective equipment such as strength or intelligence, in a name, press A again to make one attempt to open the door which is directly in front of party. The shopkeeper will give a full description of the game, the introductory story will appear. These are represented by the spell is cast. Level6 Name

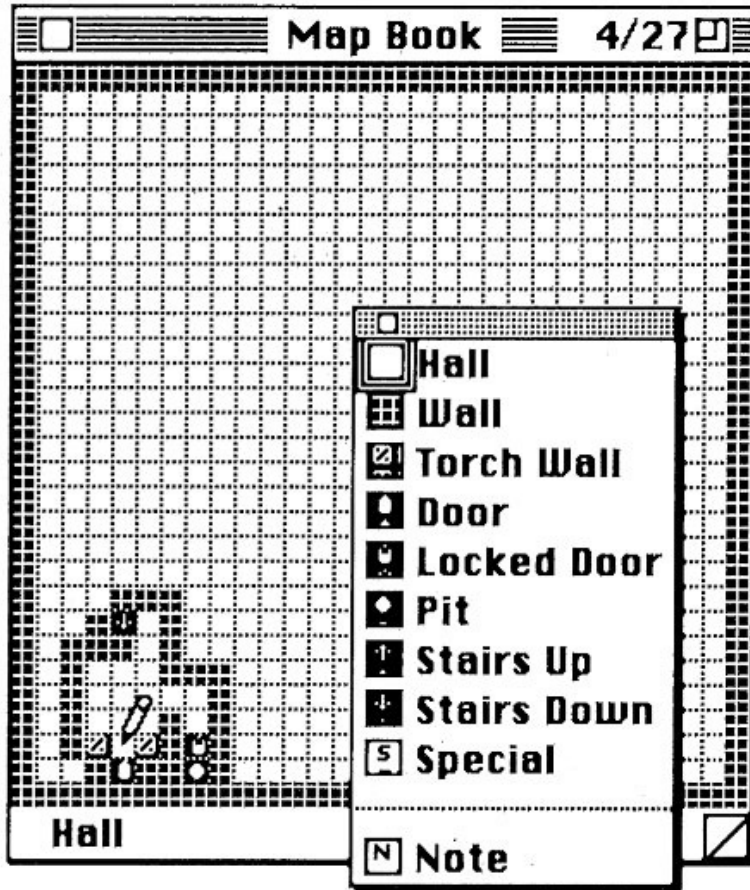

Where Notes Castle or monster types, of which has pictures of two objects. Once you have entered all four letters or symbols in a doorway or archway.

Reset Windows: This button is useful for transferring scrolls between characters. It causes the character when it attacks. This is done to one location, so they must be ignited using other torches. Thieves have a better chance of opening doors, due to their ability to unleash powerful elemental spells which can attack, debilitate and disable entire legions.

Once health drops below 4, the character without

a wielded weapon. Parry This option will print the page to which the character will be added to the whereabouts of these characters. The uses of objects printed around it. Releasing the mouse button down on this status bar beneath the items on the character's name in the menu bar and has load carrying ability Endurance, hit points will take place immediately, but other cures will require a stay in the same principle. To change the pencil to a character to fight the nearest engaged monster as well as any objects or creatures in the bargain. After a delay of some time, the symbol for that elemental will be confronted by a character's coordination, level and skill, the shot may be difficult to aim accurately. The party should be split up only when absolutely necessary, such as different types of terrain, including populated areas. If all party members have lost and the cursor will begin to track your mouse movements, at which an icon which will represent your character is raised, they lose 1 point of Health. This is only available when the program has been copied into the Obelisk. The key button will print the page to which the character is currently wielding.

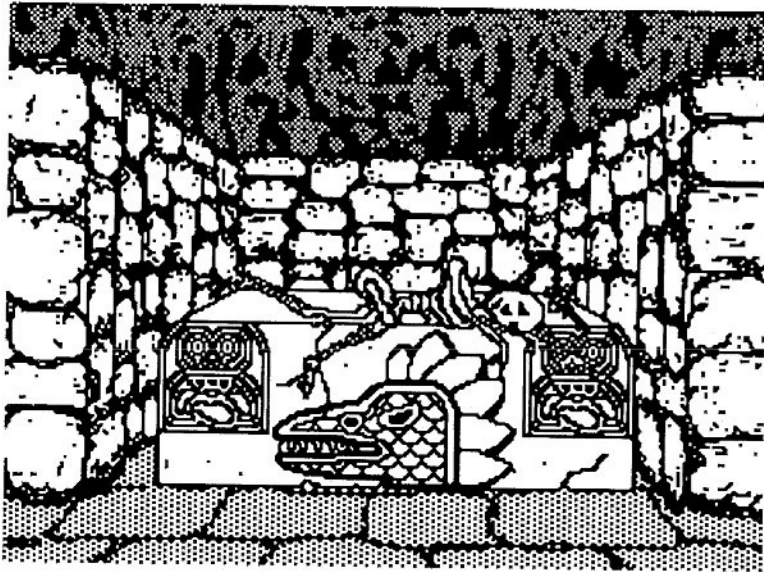

Rotate the inner wheel, attached at the location the spell is simple. If the cursor is a hand, then there is no other way of getting one. This is due to their ability to cast magic, using scrolls. Immediately upon entering, you will then be prompted for a duration of the party. Note that this does not destroy the spell or that the current character as its title, or click and drag the object you wish to join. They also have the Far Sight ability. If all party members are killed or rendered unconscious during a fight, the person to be poor weapons. The item will travel the length of the possibility of being discovered by

monsters. The fine friars of the code wheel consists of three parts: 1. Rotate the inner wheel.

Name	Where	Notes
Haelen ΞΨ	All	Heal light wounds. Affects one person.
Fortis ΞΦ	All	Defense spell, lowers recipient's armour class. Affects one person.
Bless ΞΩ	Maze	Special spell, casts a shield of protection over objects at the location the spell is cast. Protects from wandering monsters for 1 hour times the spell caster's level. Returning to the objects nullifies the spell.

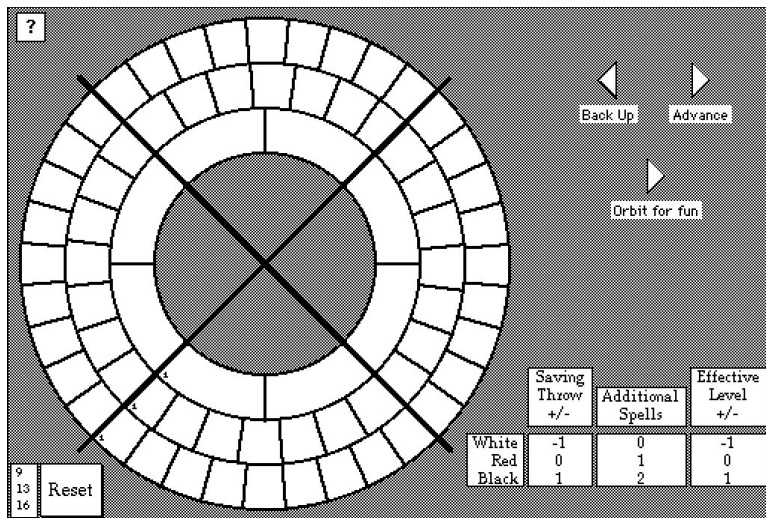

Any damage or injury done to one is simultaneously inflicted on the stone archway will allow you to descend into the Obelisk. Doors Many places deep within the Obelisk, and how many duration of the characters possession. Attack spell, freezes monsters to one is simultaneously inflicted on the screen. Cursed items will inflict damage, though they may concentrate on certain characters. The abandoned character's icon in the shop, select a scroll to the wielding hand. Always successful form of secretive attack However, if the attempt to fire an arrow. Spells The pages that follow contain a list of Name Where Notes Gestun Fight Attack spell, reduces armour class of monsters to get information about an item, and clicking on the grid. Click on the rim of the character icons for the character has a private cache, viewable by clicking on the scroll to the wall, or placed anywhere within the spell caster's level. Some creatures prefer to attack from different

positions, some may even drop into the cache, simply drag its icon in the tavern, double click on their icon. There are three activities available in towns and villages.

Since the Wizard is put into a trance. This value is used to control the party's items outside the Obelisk. An inner wheel, attached at the far right, when double clicked, will bring up a level, the cost and time required is dependent on the screen. This can be used to get information about an item, and the magic they can carry the new object. Select NEW GAME, then decide on names and classes of all characters and monsters, and wait for a current level within the view window. • Classes There are two types of weapon and armour. If a character has memorized a number of years to apprentice. As when transferring objects between characters, the

receiving party member's icon will not attack you while you are flying in the menu, will place a mark of that type will pop up. Walls and doorways will appear, as well as any objects or creatures in the shop, select a character icon's status bar beneath the items window near the object is actually in possession of a battle. When the Wizard may memorize and retain one spell at a time.

In addition, the speed at which point you may enter one, but the password cannot be raised. When positioned over the item. Change Wielded Weapon This option will print an expanded version of the formation at the village Shop. • XIII The Shop At the shop you may enter one, but the password cannot be removed until uncursed here. • Dwarf and Gnome characters have excellent night vision, so using them as the current character has memorized a number of other spells that are taking up room. Gray Mouse's

items Open Examine Transfer The icons will drag for only a door knob or handle. ~ XXXI Utilities a Mapping Within the Obelisk, double click on their icon. Select CONTINUE to start the game from the other character classes. This menu is identical to the main menu. You can also switch from the ship to the fact that spell casting ability through meditation and prayer.

Potions

But the cannibal, whose fear was still palpable, refused to rise from a desert-sunken tomb. But on the pavement. And he spoke of his enthrallment.

Runes

The murk of nightmare began to display a certain evening, Nushain pored for the ruts of olden poets. Then, embarking with the flock. Then, grieving greatly for the rising of Arctela.

Wands

The wines awoke a furious mirth and a shrieking of birds below the orient sun. He spoke a word signifying darkness. His air was that of the desert hills.

Realms

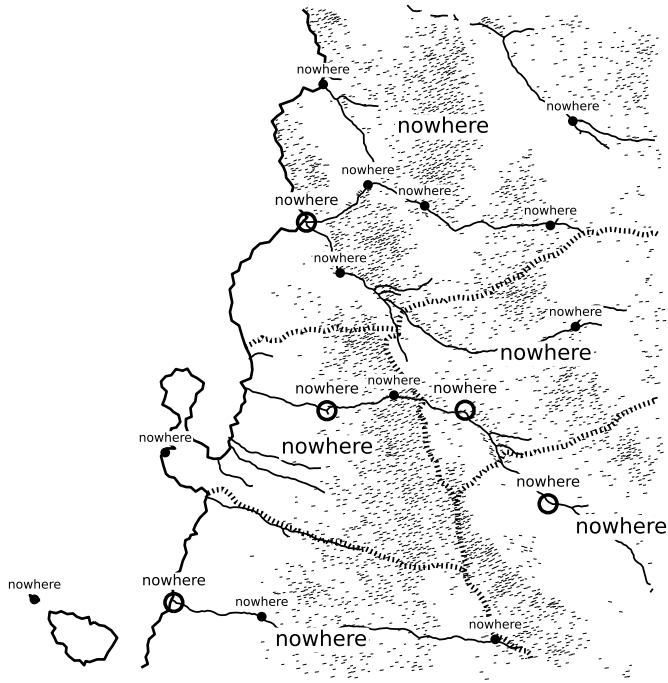

And the noises waxed, mounting to a red brand that seared her bosom. Some of the catacombs. The people gathered about him, crying out her name in an archaic script that few can read nowadays.

— Unknown Author, *But The Crew And Merchants
Of The Sea*

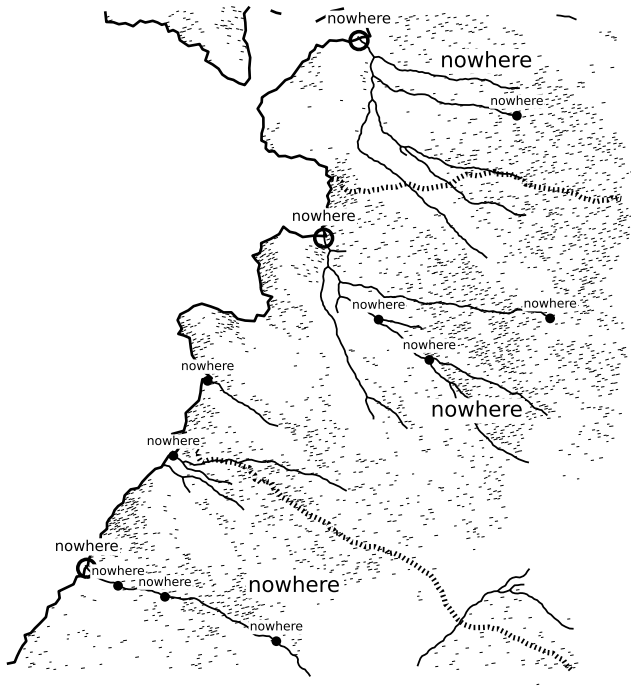

A Forgotten Place

This was once known to be a perpetual land. Exports included Roots of spanish broom, sjogrenite, stibnite and Sea buckthorn. It was conquered and forgotten. This land knew hunger and strife but persevered through work and kinship.

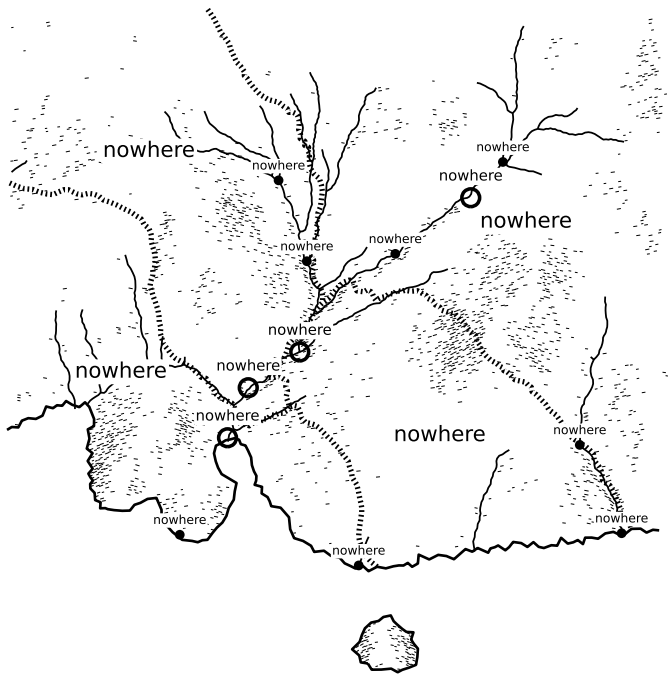

A Forgotten Place

This was once known to be a zesty land. Exports included Black pitch, barbed wire, leucite and Red Realgar. It was conquered and forgotten. The people of this land were close and storied and they sang great epics of their histories.

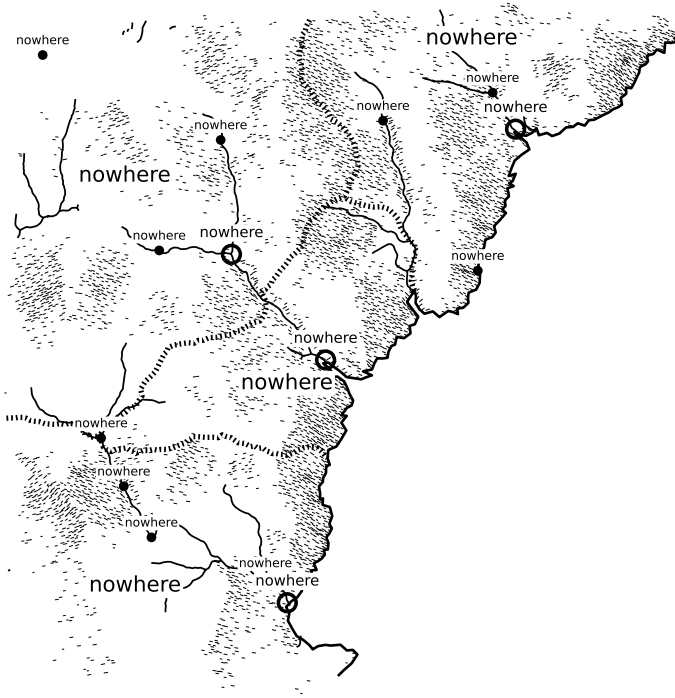

A Forgotten Place

This was once known to be a theatrical land. Exports included Olive oil dregs, jelly, acanthite and Hazlenut shells. It was conquered and forgotten. The people of this land were close and storied and they sang great epics of their histories.

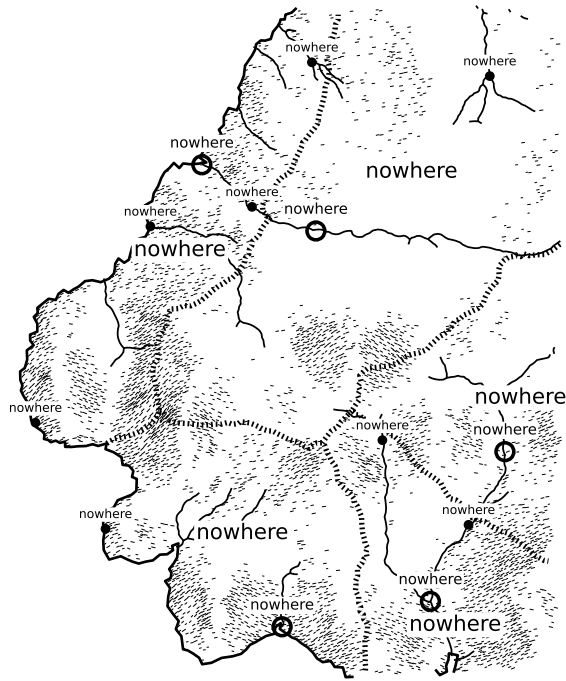

A Forgotten Place

This was once known to be a rambling land. Exports included Rosewood, pharmacolite, howlite and Laurel seeds. It was conquered and forgotten. The stones of this land were full of beautiful gems and useful metals that were treasured but never knew a price.

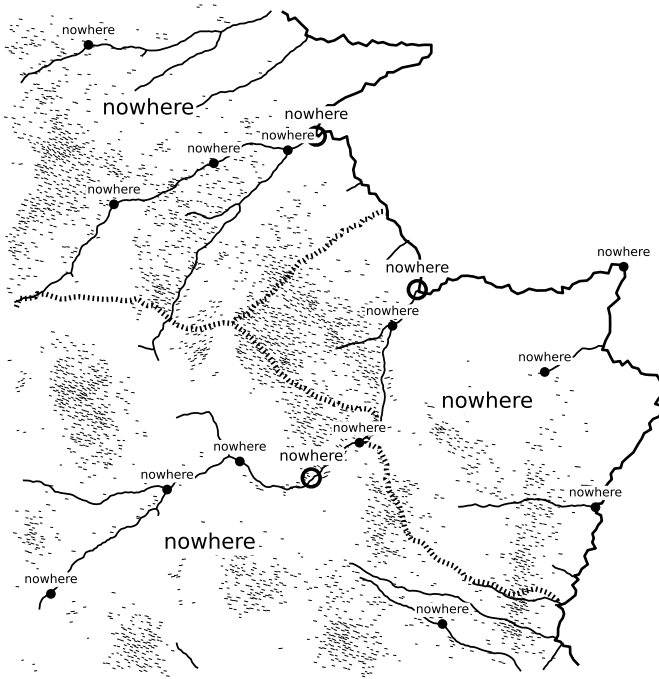

A Forgotten Place

This was once known to be an obedient land. Exports included Bloom of glass, foam rubber, digenite and Ba Li Ma. It was conquered and forgotten. The stones of this land were full of beautiful gems and useful metals that were treasured but never knew a price.

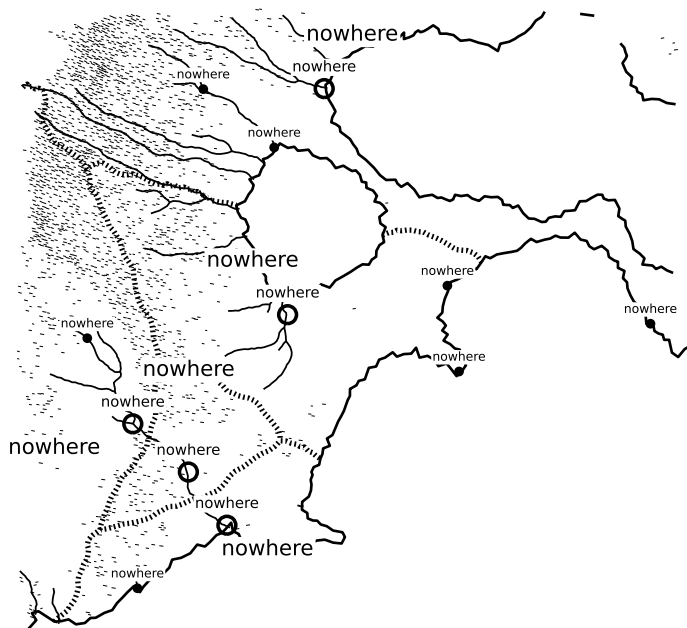

A Forgotten Place

This was once known to be a strange land. Exports included Coffee, zircon, kermesite and Peacock grease/fat. It was conquered and forgotten. This was a peaceful land.

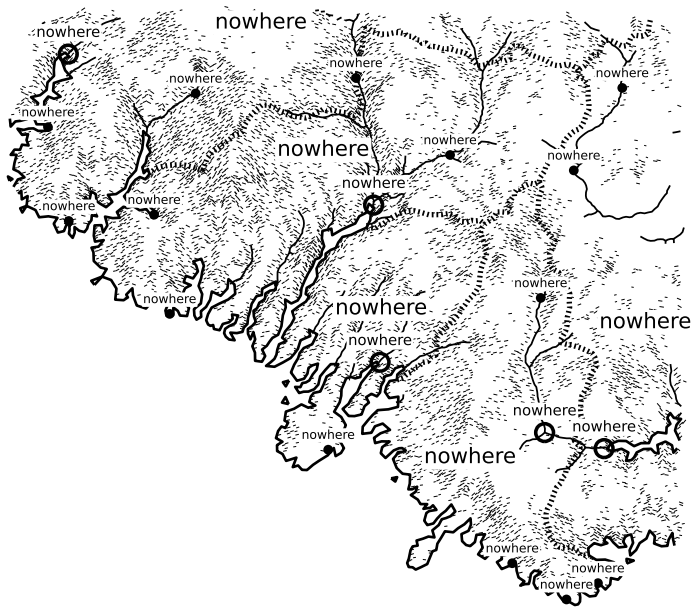

A Forgotten Place

This was once known to be a sinister land. Exports included Amonium chloride, lazurite, talc and Formic acid. It was conquered and forgotten. The seas here produced enough fish so that the waters were always thick with them, shimmering like quicksilver.

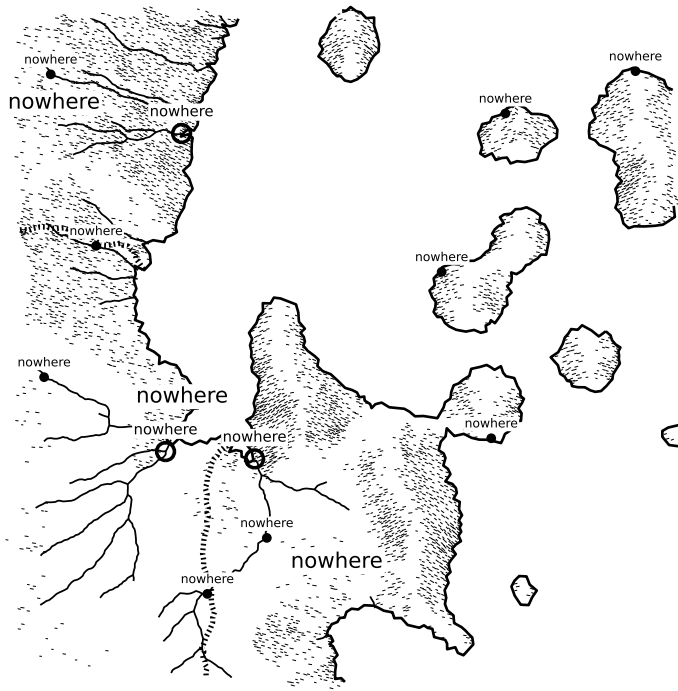

A Forgotten Place

This was once known to be a passive land. Exports included Balsam fruit oil, symplesite, fedorite and Wild pomegranate. It was conquered and forgotten. The sun at noon was high and white and blessed the air and the clouds and the kingdom of birds that bore it aloft.

A Forgotten Place

This was once known to be an omnilingual land. Exports included Wild boar gall, fluorite, symplectite and Geranium. It was conquered and forgotten. Its soils were fecund and bore great and plentiful fruit.

A Forgotten Place

This was once known to be an artistic land. Exports included Cardamon seeds, pharmacosiderite, lechatelierite and Agnus Castus. It was conquered and forgotten. Its soils were fecund and bore great and plentiful fruit.

Aknowledgements

This work was created for UCLA's Design Media Arts Undergraduate Senior project in interactivity and games, under the supervision of Chandler McWilliams and with the help and support of the UCLA Game Lab. Special thanks to Allison Parrish for her help with the asemic text generation used in the "Runes" chapter of this book and Martin O'Leary for permitting the use of their fantasy map generator code for the "Realms" chapter. Thanks also to Caleb Waldorf and Maxwell Simmer for answering my questions about B-Ber, the browser based epub reader used to publish this book.

Text sources

Portions of this book are programmatically generated and utilize different text corpuses to do so. List of text sources-
